QUESTION:

1. I have a question about the bid for hospital beds. It states you are looking for "Zone Air Mattress ". The cost of the mattress is in a range of \$500.00 or more. Would you consider a standard mattress at about half the cost for the nursing program?

RESPONSE:

We want the ones with the zone air mattress and that will calculate weight.

QUESTION:

2. Is this an all or none bid? Meaning all products will be purchased off of one bid or will you choose different items from different bids?

RESPONSE:

This is not an all or none bid. Each item will be awarded to the lowest, responsive, responsible bidder.

QUESTION:

3. Are all the pumps going to be used for educational training only?

RESPONSE:

Yes the pumps are for educational use and will just use the educational drug library.

QUESTION:

4. If the beds are for training only do they need the zone air mattress or would a foam mattress be fine?

RESPONSE:

See response to question 1.

QUESTION:

5. If the beds are for training only do they need to have the scale option?

RESPONSE:

See response to question 1.

QUESTION:

6. I would like to confirm that it is acceptable to submit a quote for a portion of the bid in the event a vendor cannot supply all types of equipment listed?

RESPONSE:

See response to question 2.
